Targeting Tumors with High Mutational Burden: Treating Patients with Advanced Non-Melanoma Skin Cancers

May 31, 2023 – May 31, 2024

Online

Acknowledgement of Financial Commercial Support

Regeneron Pharmaceuticals, Inc.

Acknowledgement of In-Kind Commercial Support

No in-kind commercial support was received for this educational activity.

Satisfactory Completion

Learners must listen to each self-directed audio recording while following along with the visual slides and complete an evaluation form to receive a certificate of completion. Your chosen sessions must be viewed in their entirety. Partial credit of individual sessions is not available. If you are seeking continuing education credit for a specialty not listed below, it is your responsibility to contact your licensing/certification board to determine course eligibility for your licensing/certification requirement.

Joint Accreditation Statement

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, this activity has been planned and implemented by Amedco LLC and MED Learning Group. Amedco LLC is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Nurses (ANCC) Credit Designation

Amedco LLC designates this activity for a maximum of 1.50 ANCC contact hours.

Objectives - After Attending This Program You Should Be Able To

1. Incorporate immune checkpoint inhibitor therapy data into the management of patients with metastatic or locally advanced cutaneous squamous cell carcinoma.
2. Review the immune therapy data for patients with either metastatic or locally advanced basal cell carcinoma in the second-line setting.
3. Recognize and manage the treatment related adverse events associated with immune checkpoint inhibitor therapy in patients with non-melanoma skin cancers.
4. Describe the multidisciplinary team approach in the management of patients with locally advanced or metastatic basal cell or cutaneous squamous cell carcinomas.
